CBO-UTS5F	CAMBO UTS-5F Track complete system 5 mtr incl. 1 Flight Case	£3,450
	Cambo's UniTrack system is a stable and yet flexible platform for supporting your	
THE THE TAXABLE PARTY.	video dolly. The system can be stored folded for minimum storage space and ease	of
	transportation. Straight tracks as well as curved tracks are possible with any shape	e or
	curve from straight into a tight radius . UniTrack is delivered in modular sections of	5
	meter length, which are easily connecting to each other to create the total length o	f
	your demand. Each hinge of the track system has a support block that allows for	
	levelling the track each half meter if needed. Adjustable cross bars connect the lef	!
	and right track supports and assure a constant width of the system when moving	
	around and can be displaced when creating a tight curve
