

Item Number	Temperature Check Tablet	List Price (GBP)
	 <p>Glory Star's temperature check access control system is based on an algorithm that is designed to detect body temperature within 1 second detection rate at a distance of 0.5 to 1-meter distance to increase safety and efficiency.                      TAURI is VESA Standard and can be deployed anywhere with our tablet stands and wall mounts</p>
