 GNARBOX 		GNARBOX 2.0 SSD Rugged backup device for pro content creators who need the most reliable way to back up their files in the field. Unlike other storage solutions, its compact design and powerful on-board backup features make it effortless to manage files without a laptop. With up to 1TB internal SSD, SD slot, two USB-C ports, and mobile apps to complete essential workflow steps before arriving to the studio, GNARBOX will save you time and make you a more reliable creator.
