

Item Number	Video to USB3 AV Converters	List Price (GBP)
INO-4K2USB3	<b>INOGENI 4K HDMI to USB 3.0 Converter</b> <ul style="list-style-type: none"> <li>• Supports 4K, 1080p, 1080i, 720p, 480p, and 576p video formats</li> <li>• Supports 1920x1200, 1280x1024, 1280x960, 1024x768, 800x600, 640x480 graphic formats</li> <li>• Up to Ultra HD 4K (3840/4096x2160) at 30 fps and 1080p at 60 fps</li> <li>• Supports multiple devices on the same PC</li> <li>• Powered from USB 3.0 port</li> <li>• Compatible with Windows, OSX, Linux and Android</li> <li>• 4:2:0 output format</li> <li>• HDMI audio support</li> <li>• Digital Fluid technology - internal frame buffers maximize frame rate with any PC</li> <li>• Hardware-based colour space and sampling conversion</li> <li>• Automatic scaling and frame rate conversion (UHD upscaling not supported)</li> <li>• Customizable video processing functions</li> <li>• Image controls: brightness, contrast, saturation and hue settings</li> </ul>	£330
INO-HD2USB3	<b>INOGENI HD to USB 3.0 Converter</b> <ul style="list-style-type: none"> <li>• HDMI capture to USB 3.0</li> <li>• Field Upgradable to 4K</li> <li>• Supports 1080p, 1080i, 720p, 480p, and 576p video formats</li> <li>• Supports 1920x1200, 1280x1024, 1280x960, 1024x768, 800x600, 640x480 graphic formats</li> <li>• Powered from USB 3.0 port</li> <li>• Up to 1080p at 60 fps</li> <li>• Outputs 4:2:2 or 4:2:0 pixel format to reduce USB 3.0 bandwidth</li> <li>• HDMI audio support</li> <li>• Digital Fluid technology - Internal frame buffers maximize frame rate with any PC</li> <li>• Hardware-based color space and sampling conversion</li> <li>• Automatic scaling and frame rate conversion</li> <li>• Customizable video processing functions</li> <li>• Image controls: Brightness, contrast, saturation and hue settings.</li> </ul>	£275
INO-DVIUSB	<b>INOGENI HDMI/DVI-D to USB 3.0</b> <ul style="list-style-type: none"> <li>• Supports 1080p, 1080i, 720p, 480p, and 576p video formats</li> <li>• Supports 1920x1200, 1280x1024, 1280x960, 1024x768, 800x600, 640x480 graphic formats up to 1080p</li> <li>• Supports multiple devices on the same PC</li> <li>• Powered from USB 3.0 port</li> <li>• Compatible with Windows, OSX, Linux and Android</li> <li>• HDMI audio support</li> <li>• Digital Fluid technology - internal frame buffers maximize frame rate with any PC</li> <li>• Hardware-based colour space and sampling conversion</li> <li>• Automatic scaling and frame rate conversion</li> <li>• Customizable video processing functions</li> <li>• Image controls: brightness, contrast, saturation and hue settings</li> </ul>	£295
INO-SDI2USB3	<b>INOGENI 3GSDI to USB 3.0 Converter</b> <ul style="list-style-type: none"> <li>• Supports 1080p, 1080i, 720p, 480p, 576p, NTSC and PAL at up to 60 fps</li> <li>• Supports multiple devices on the same PC</li> <li>• Powered from USB 3.0 port</li> <li>• Compatible with Windows, OSX, Linux and Android</li> <li>• Embedded audio extraction</li> <li>• Digital Fluid technology - internal frame buffers maximize frame rate with any PC</li> <li>• Hardware-based colour space and sampling conversion</li> <li>• Automatic scaling and frame rate conversion</li> <li>• Customizable video processing functions</li> </ul>	£355
INO-VGA2USB3	<b>INOGENI VGA/CVBS to USB 3.0 Converter</b> <ul style="list-style-type: none"> <li>• Supports 1080p, 720p, 480p, 576p, 1600x1200,</li> <li>• 1920x1200, 1280x1024, 1280x960, 1024x768, 800x600, 640x480, NTSC and PAL and more at up to 60 fps</li> <li>• Supports multiple devices on the same PC.</li> <li>• Powered from USB 3.0 port</li> <li>• Compatible with Windows, OSX, Linux and Android</li> <li>• Line level stereo audio support</li> <li>• Digital Fluid technology - internal frame buffers maximize frame rate with any PC</li> <li>• Hardware-based colour space and sampling conversion</li> <li>• Automatic scaling and frame rate conversion</li> <li>• Customizable video processing functions</li> <li>• Image controls: brightness, contrast, saturation and hue settings</li> </ul>	£330
Item Number	Video to USB2 AV Converters	List Price (GBP)
INO-QUIK-HDMI	<b>INOGENI HDMI to USB 2.0 Converter.</b> <ul style="list-style-type: none"> <li>• HDMI Capture to USB 2.0 MJPEG encoder.</li> <li>• HDMI port supports 1080p60, 720p60 and all common video formats.</li> <li>• High Quality MJPEG encoded video up to 1080p30 on the USB port.</li> <li>• HDMI audio support - embedded audio in the HDMI signals are extracted and output as two-channel LPCM.</li> <li>• Digital Fluid technology - Internal frame buffers maximize frame rate with any PC.</li> <li>• Hardware-based color space and sampling conversion.</li> <li>• Automatic scaling and frame rate conversion.</li> <li>• Image controls: brightness, contrast, saturation and hue settings.</li> <li>• Supports multiple devices on the same PC.</li> <li>• Powered from USB 2.0 port.</li> <li>• Compatible with Windows, OSX and Linux.</li> <li>• A USB 2.0 cable is included.</li> </ul>	£295
INO-QUIK-SDI	<b>INOGENI SDI to USB 2.0 Converter</b> <ul style="list-style-type: none"> <li>• SDI capture to USB 2.0 MJPEG encoder.</li> <li>• SDI input with loop supports all SD &amp; HD video formats up to 60 fps.</li> <li>• High Quality MJPEG encoded video up to 1080p30 on the USB port.</li> <li>• SDI audio support - embedded audio in the SDI signals are extracted and output as two-channel LPCM.</li> <li>• Digital Fluid technology - Internal frame buffers maximize frame rate with any PC.</li> <li>• Hardware-based color space and sampling conversion.</li> <li>• Automatic scaling and frame rate conversion.</li> <li>• Image controls: brightness, contrast, saturation and hue settings.</li> <li>• Supports multiple devices on the same PC.</li> <li>• Powered from USB 2.0 port.</li> <li>• Compatible with Windows, OSX and Linux.</li> <li>• A USB 2.0 cable is included.</li> </ul>	£335

Item Number	Dual Video to USB3 Converters	List Price (GBP)
INO-SHARE2	<b>INOGENI SHARE 2 Dual Video to USB 3.0</b> <ul style="list-style-type: none"> <li>Mixer feature : Hardware mixer into a single USB 3.0 interface</li> <li>Control interface : RS-232, USB HID, IP (with separate accessory)</li> <li>Local and remote keypad</li> <li>HDMI, DVI, VGA or CVBS video input connectors</li> <li>Supports multiple devices on the same PC</li> <li>Compatible with Windows, OSX and Linux</li> <li>Line level stereo audio support</li> <li>Digital Fluid technology: Internal frame buffers maximize frame rate with any host</li> <li>Hardware-based colour space and sampling conversion</li> <li>Automatic scaling and frame rate conversion</li> <li>Customizable video processing functions</li> <li>Image controls: brightness, contrast, saturation and hue settings</li> </ul>	£1,095
INO-SHARE2U	<b>INOGENI SHARE 2U USB Camera Mixer</b> <ul style="list-style-type: none"> <li>Mixer feature : Hardware mixer into a single USB 3.0 interface</li> <li>Control interface : LAN, RS-232, USB</li> <li>Local and remote keypad.</li> <li>USB 2.0 cameras and HDMI capture</li> <li>HDMI output for preview</li> <li>Line level stereo audio support</li> <li>Digital Fluid technology: Internal frame buffers maximize frame rate with any host</li> <li>Hardware-based color space and sampling conversion</li> <li>Compatible with Windows, OSX and Linux</li> </ul>	£1,695
Item Number	Camera Selectors	List Price (GBP)
INO-CAM100	<b>INOGENI CAM 100 4:1 HDMI/USB 2.0 Camera Selector</b> <ul style="list-style-type: none"> <li>Video Inputs: 2 x USB 2.0 MJPEG 1080p30, 2 x HDMI 1080p60</li> <li>Video Outputs: 1 x HDMI 1080p60</li> <li>Audio Inputs: HDMI Embedded PCM, USB Camera Audio</li> <li>Audio Outputs: USB 3.0 PCM Stereo, Audio Follow Input</li> <li>Control Options: Front Buttons, RS-232 &amp; Lan</li> <li>External DC Power Supply</li> </ul>	£1,095
INO-CAM200	<b>INOGENI CAM 200 4:1 HDMI/VGA Camera Selector</b> <ul style="list-style-type: none"> <li>Video Inputs 3 x HDMI 1080p60, 1 x VGA 1920 x 1200</li> <li>Video Outputs 1 x USB 3.0 Uncompressed 1080p60</li> <li>Audio Inputs HDMI Embedded PCM, Line In for VGA Input</li> <li>Audio Outputs USB 3.0 PCM Stereo, Audio Follow Input</li> <li>Control Options: Front Buttons, RS-232, Lan &amp; USB</li> <li>Self-Powered from USB 3.0 Type-C Port</li> </ul>	£775
INO-CAM300	<b>INOGENI CAM 300 4:1 HDMI/USB 2.0 Camera Selector</b> <ul style="list-style-type: none"> <li>Video Inputs: 2 x USB 2.0 MJPEG 1080p30, 2 x HDMI 1080p60</li> <li>Video Outputs: 1 x USB 3.0 Uncompressed 1080p60, 1 x HDMI 1080p60</li> <li>Audio Inputs: HDMI Embedded PCM, USB Camera Audio</li> <li>Audio Outputs: USB 3.0 PCM Stereo, Audio Follow Input</li> <li>Control Options: Front Buttons, RS-232 &amp; Lan</li> <li>External DC Power Supply</li> </ul>	£1,250
Item Number	Accessories	List Price (GBP)
INO-SH2-REM	<b>INOGENI SHARE 2 Remote</b> The REMOTE connectivity is quite simple. Just plug a standard RJ-45 (Ethernet) cable between the SHARE 2 and the REMOTE and you will be able to control the Mixer configuration. Powered over USB 2.	£275
INO-ACC-IP	<b>INOGENI IP Control Adaptor</b> You can use the IP-to-Serial Adaptor in order to control the device over a Wired network.	£195
INO-ACCIPWF	<b>INOGENI IP Control Adaptor Wireless</b> You can use the IP-to-Serial Adaptor in order to control the device over a Wireless network.	£225
INO-ACC-HDMIOUT	<b>INOGENI SHARE2 USB-to-HDMI Adapter</b> The USB-to-HDMI adapter is simple to use. Just plug it to the USB expansion port of the SHARE2 and a second monitor will be available on your desktop.	£135
INO-HD2USB3-UP	<b>INOGENI 4K Firmware Upgrade for HD2USB3 Converter</b> Users without a complete 4K system today can save money with Inogeni's 1080P/60 HDMI converter and purchase a 4K firmware upgrade when they want.	£80
