

WEBCASTER X2

The most reliable encoder for social media streaming

Live streaming shouldn't be complicated! Epiphan Webcaster X2™ is a dedicated encoder designed from the ground-up for live streaming to your favorite social media platform, making streaming a breeze. Pair your device once with your accounts and it remembers your settings for all future streams.

CONTROL HOW YOU STREAM

Stream to your Facebook Timeline or any group, event, or page you administer.

On YouTube, choose to stream live now, or publish to a scheduled event.

Connect a mouse and monitor to Webcaster X2 for additional configurations.

VIDEO AND AUDIO SOURCES

Stream your HDMI cameras, displays or mixers, USB webcams and microphones by connecting them to Webcaster X2's HDMI IN or USB ports. Webcaster X2 encodes your high quality audio along with your video and streams it to your Facebook or YouTube audience.

MULTI-STREAMING WITH SWITCHBOARD CLOUD

Manage multiple simultaneous streams with powerful Switchboard Cloud.

Create **higher quality** live video for social media

ETHERNET OR WI-FI

Stream using Ethernet or Wi-Fi

LCD DISPLAY

Shows your device pairing code or live streaming status

PRO VIDEO & AUDIO

Connect your camera or mixer over HDMI

MULTI-FUNCTION BUTTON

Choose the streaming platform or start and stop streaming

STATUS LED

Green status light blinks when you are streaming live

LIVE MONITORING

Monitor your live video to see real-time comments and reactions
