# AW-UE4

How to connect and use with the Windows Camera App, Skype, Microsoft Teams, and Zoom.

Aashay Anjaria

Windows Camera App – Connect AW-UE4 to PC via USB cable
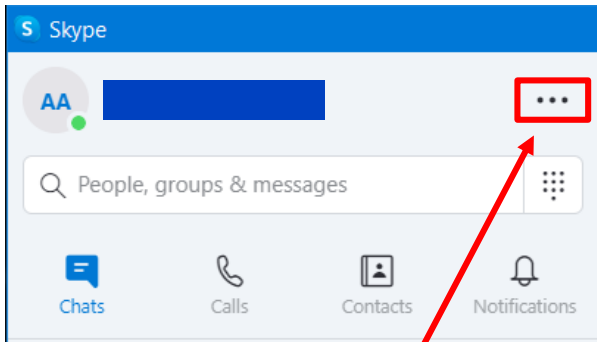

Power Supply or POE switch is not needed. Camera is powered via USB.

1. Open the Windows Camera App from the start menu.

2. Press this to change your source. It will cycle through the available sources such as your webcam and AW-UE4.

5. Simple camera settings

3. You are able to take video recordings and pictures even with AW-UE4 using the two buttons here.

4. Access your saved videos and pictures here.
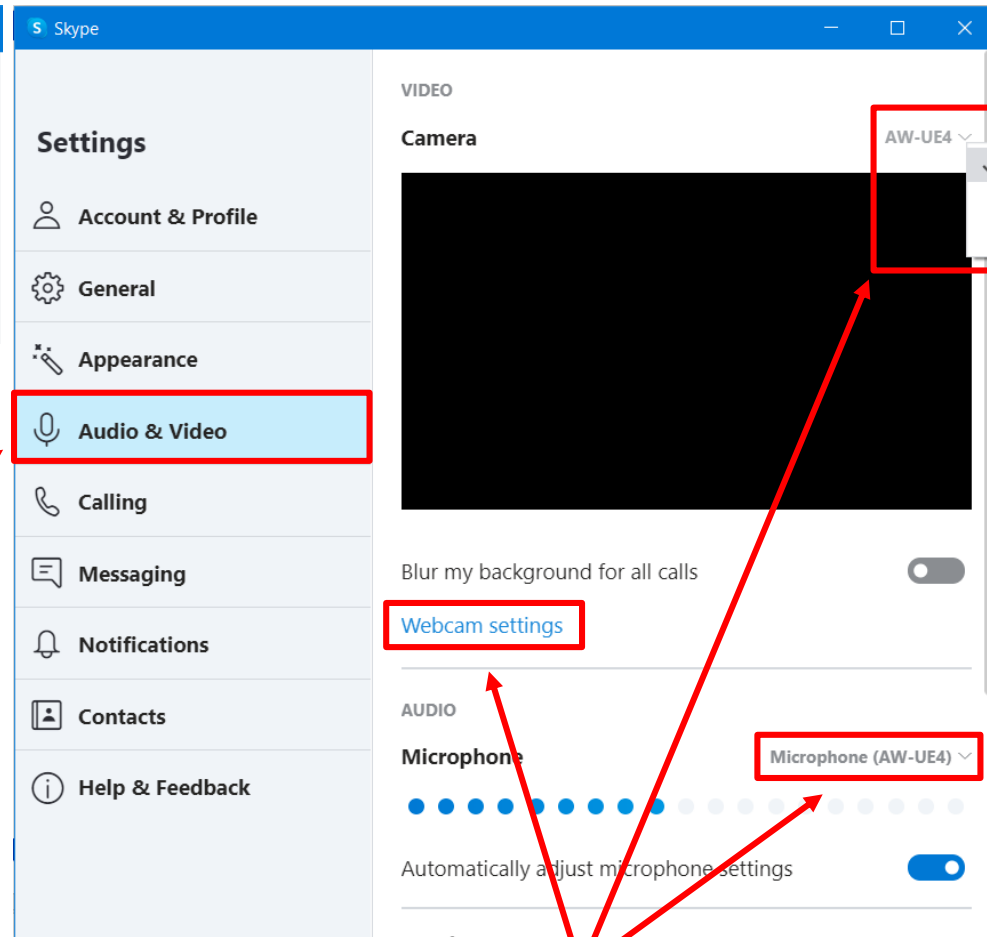

Panasonic

Skype – Connect AW-UE4 to PC via USB cable

Power Supply or POE switch is not needed. Camera is powered via USB.
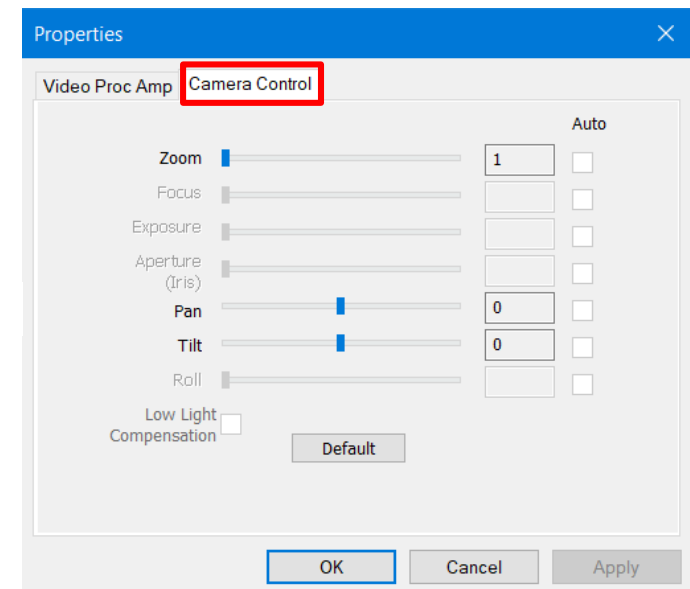

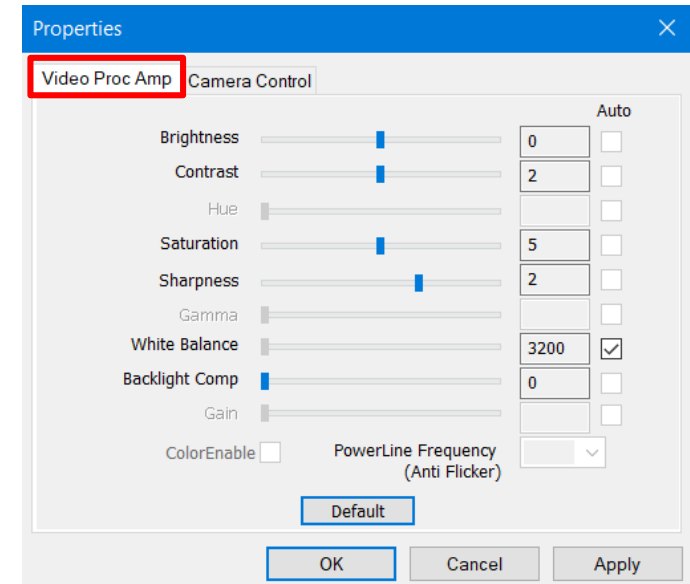

1. Open Skype and click on the settings button.
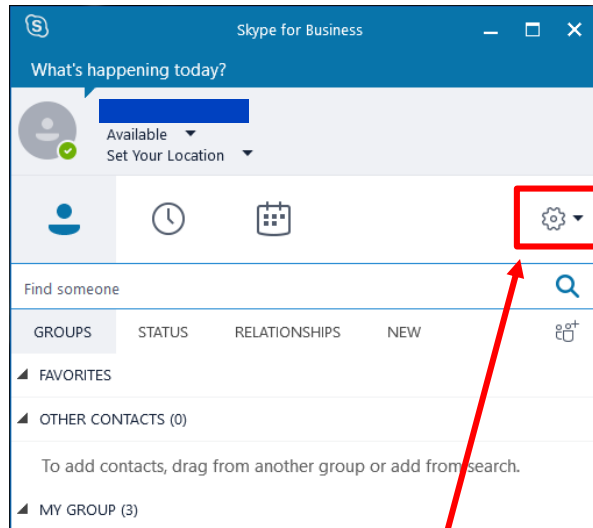

2. Click on the Audio & Video menu.

3. Select AW-UE4 from the drop-down menu. Select AW-UE4 as the Microphone if needed.

Open Webcam Settings for image adjustment and PTZ settings.

Panasonic

# Skype for Business – Connect AW-UE4 to PC via USB cable

Power Supply or POE switch is not needed. Camera is powered via USB.

1. Open Skype for Business and click on the settings button.

2. Click on Video Device and select AW-UE4 from the drop-down list.

Select the Audio Device menu to set AW-UE4 as the microphone if needed.

3. After connecting to AW-UE4, click on Camera Settings. A window will appear with image adjustment settings and PTZ control.

**Panasonic**

Microsoft Teams – Connect AW-UE4 to PC via USB cable

1. Click on your account icon in the top right corner. Then click on settings.
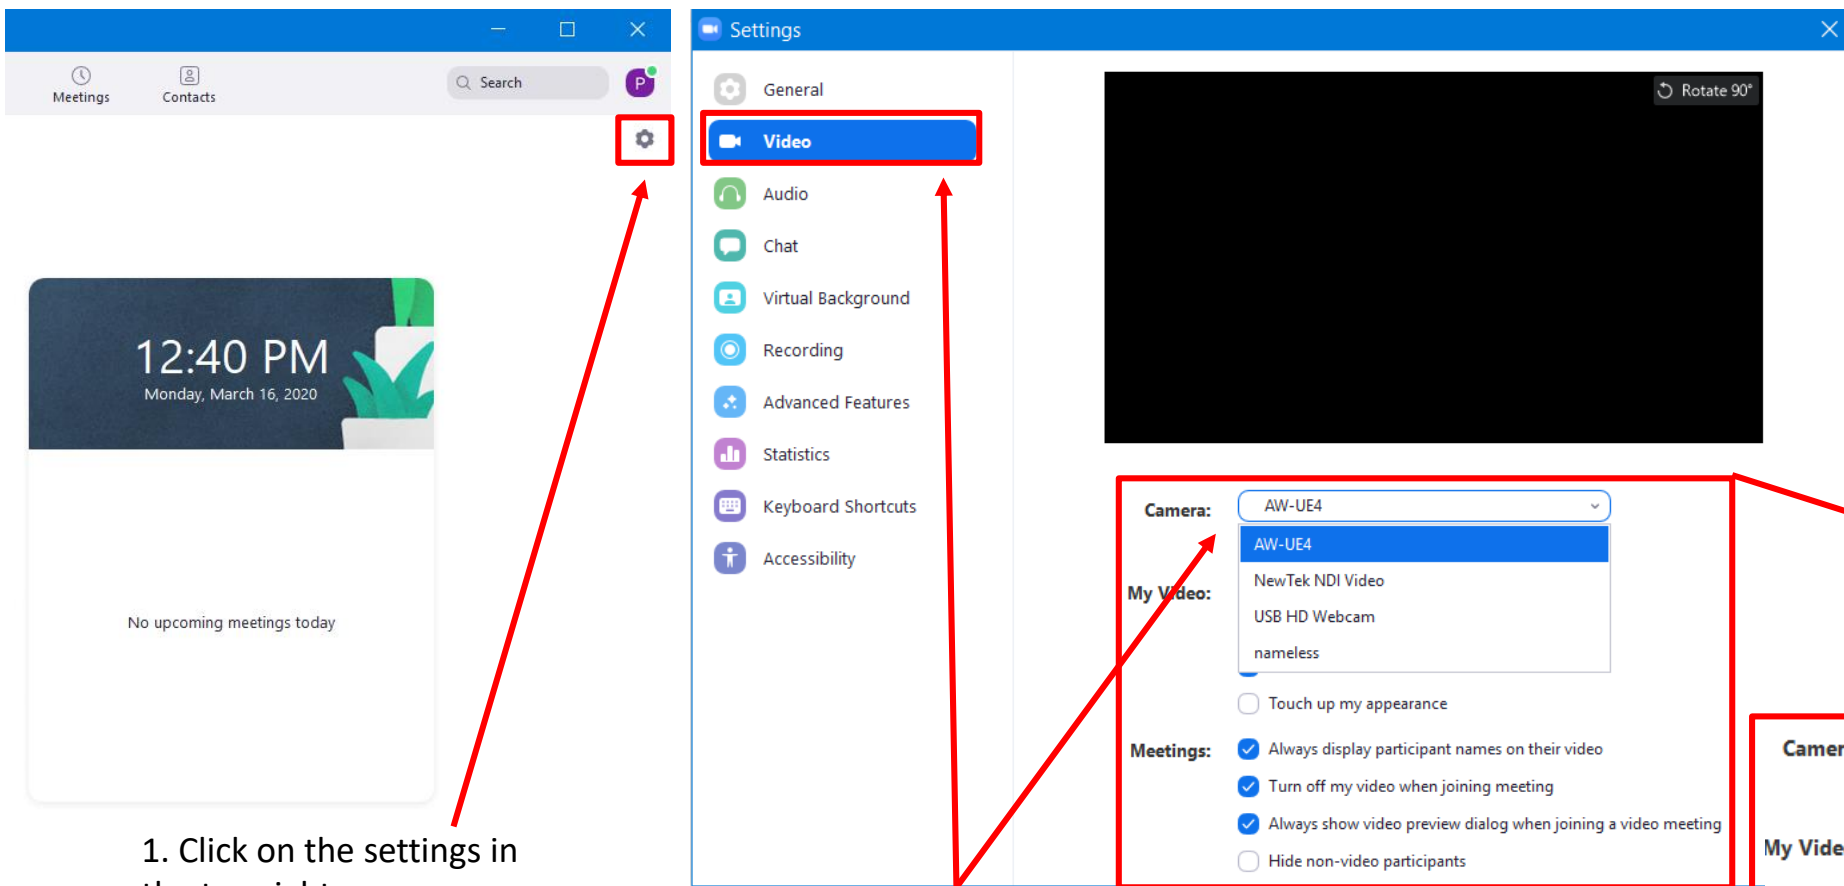

2. Click on Devices and select AW-UE4 from the drop-down menu under the Camera Category.

Make sure the Microphone is set to AW-UE4 as well if needed.
