

Productname: camRade wetSuit AJA CION
SKU: CAM-WS-AJACION
EAN/UCC: 8718591670213

Resistant against:

Description

The camRade wetSuit AJA CION is a black soft flexible waterproof rain cover that protects your camera against the elements.

The rain cover is designed specifically for the AJA CION camera. The near silent fabric minimalizes unwanted sound effects caused by wind and rain and reduces the chance of the camera overheating by allowing hot air to escape via the breathing material which the cover is made of.

The wetsuit is supplied with protection covers for both a short and a long lens, making sure that any lens you might use will be well protected. The cover has clear vinyl windows for visibility when adjusting the menu, audio input select level or other controls.

This item will be delivered to you in a waterproof pouch with zipper, which you can use for storing and transportation of the cover when not in active use.

Key features

- Form-fitted for the AJA CION camera
