

**Productname:** camRade wetSuit ARRI AMIRA  
**SKU:** CAM-WS-ARRI-AMIRA  
**EAN/UCC:** 8718591670848

Resistant against:

### Description

The camRade wetSuit ARRI AMIRA is a black soft flexible waterproof rain cover that protects your camera against the elements. It also covers the viewfinder monitor, microphone and other accessories.

The rain cover is designed specifically for the ARRI AMIRA camera. The near silent fabric minimalizes unwanted sound effects caused by wind and rain and reduces the chance of the camera overheating by allowing hot air to escape via the openings and vents.

The wetsuit is supplied with a protection cover for a long lens, making sure that any lens you might use will be well protected. The viewfinder monitor is completely closed off by the fabric and vinyl window, so no water will come into the suit during use.

The cover has clear vinyl windows which can be opened and closed with hook and loop fasteners, for visibility when adjusting the menu, audio input select level and other controls.

This item will be delivered to you in a waterproof pouch with zipper, which you can use for storing and transportation of the cover when not in active use.
