

Productname: camRade wetSuit AG-HPX250/AC130/AC160
SKU: CAM-WS- AGHPX250-AC130-AC160
EAN/UCC: 8718591670466

Resistant against:

Description

The camRade wetSuit AG-HPX250/AC130/AC160 is a tailor-made rain cover that protects your Panasonic camera from the AG-HPX250, AC130 and AC160 series against bad weather conditions.

The soft fabric lining minimalizes unwanted sound effects caused by wind and rain during operation. The cover also reduces the chance of the camera overheating by allowing hot air to escape via the openings and vent on the back.

The viewfinder monitor is protected by a cover with large vinyl windows that provide full view. On the side you'll find a vinyl window that can be opened for easy access to the controls. Under the eyepiece we also added a window that can be opened with hook and loop fasteners. The bottom of the cover can be opened and closed with a double zipper.

This wetSuit is supplied in a waterproof pouch with zipper, which you can use for storage and transportation of the cover when not in active use.
