

Productname: camRade wetSuit PMW-300
SKU: CAM-WS-PMW300
EAN/UCC: 8718591670817

Resistant against:

Description

The camRade wetSuit PMW-300 is a supple water-resistant rain cover that protects your Sony PMW-300 against the elements. The fabric with special soft lining reduces unwanted sound effects during operations.

The wetSuit has clear vinyl windows for maximum visibility when adjusting the menu, audio input select level or other controls. The one-piece wetsuit also covers the microphone and viewfinder.

The bottom of the cover can be opened and closed with a double zipper. On top of the cover an opening with hook and loop fasteners is made to access the hot shoe. Elastic cord around the lens allows you to seal the cover over the camera.

This item will be delivered to you in a waterproof pouch with zipper, which you can use for storage and transportation of the cover when not in active use.

Key features

- Form-fitted for the Sony PMW-300 camcorder
