

Productname: camRade wetSuit XF200/205

SKU: CAM-WS-XF200-205

EAN/UCC: 8718591670800

Resistant against:

Description

The camRade wetSuit XF200/205 is a black soft flexible waterproof rain cover that protects your camera against the elements. It also covers the viewfinder monitor, microphone and other accessories.

The rain cover is designed specifically for the Canon XF200/205 camcorder. The near silent fabric minimizes unwanted sound effects caused by wind and rain and reduces the chance of the camera overheating by allowing hot air to escape via the breathing material which the cover is made of.

The wetSuit has clear vinyl windows for visibility when adjusting the menu, audio input select level or other controls. The monitor is covered by a vinyl window which can be opened for easy access.

This item will be delivered to you in a waterproof pouch with zipper, which you can use for storing and transportation of the cover when not in active use.
