1.0 INTRODUCTION

The LM-503HD is a high performance Multi-format, Triple 5" Color LCD Monitor for the broadcast and professional market. A multitude of video signal formats may be accurately monitored. The high brightness, wide viewing angle, excellent contrast ratio and high definition color result in an outstanding image. Each monitor features 1x BNC input and 1x output for SDI (either SD or HD) which is active throughout, 1x HD-15 Analog RGBHV, 1x (3 BNC) YPbPr Component Video, 1x Y/C (4 Pin Mini-DIN) and 1x Composite Video. NTSC and PAL Television Standards are supported and automatically detected. Front panel Tally LED's for each monitor can be activated externally via the DB9 connector. Our professional video conversion products have been serving the industry for over twenty years. TV One offers a full line of high quality Seamless Switchers, Video Scalers, Up/Down/Cross Converters, Analog-Digital Converters (SD/HD-SDI, HDMI, DVI), Format Converters, Standards Converters, TBC/Frame Synchronizers, Matrix Routing Switchers, Signal Distribution Amplifiers and Cat.5 Transmission Systems.

1.1 Liability Statement

Every effort has been made to ensure that this product is free of errors. TV One cannot be held liable for the use of this hardware or any direct or indirect consequential damages arising from its use. It is the responsibility of the user of the hardware to check that it is suitable for his/her requirements and that it is installed correctly. All rights reserved. 1.2 Features

Each LM-503HD monitor has many features that enabling superior performance:

- Inputs: SD/HD-SDI, Analog RGBHV, YPbPr, CV and YC (S-Video)
- Resolutions up to 800x480, 1080p (16:9)
- High Brightness, Pro Grade LCD Panels
- Contrast Ratio = 600:1
- 16.7 Million Colors
- Tally LED's
- 170° Left/Right and 170° Up/Down Viewing Angles
- Vertically Tilttable Rackmount Housing

2.0 Specifications

LCD Panel	
Display Size – Diagonal	5.0" (127mm)
Display Area	4.25"x 2.55" (108 x 64.8mm)
Panel Resolution	800x480 (16x9)
Dot Pitch	0.135mm
Color Resolution	16.7 Million Colors
Contrast Ratio	600:1
Brightness	300 cd/m ²
Response Time	25 msec
Left/Right View Angle	170°
Up/Down View Angle	170°
Aspect Ratio	16:9
Video Inputs	
SD/HD-SDI	1x via BNC with Active Output
Analog RGBHV	1x via HD-15 Female
Composite Video	1x via BNC Connectors
YC (S-Video)	1x via 4-Pin Mini-DIN Connector
YPbPr Component	1x via 3 BNC Connectors
SD/HD-SDI Input Range	
SDTV	480i, 576i
HDTV	1080P/30Hz, 1080P/29.97Hz, 1080P/25Hz, 1080P/24Hz, 1080P/23.98Hz 1080i/60Hz, 1080i/59.94Hz, 1080i/50Hz 1035i/60Hz, 1035i/59.94Hz 720P/60Hz, 720P/59.94Hz, 720P/50Hz
Analog Component Input Range	
SDTV	480i, 576i
HDTV - YPbPr	480p, 576p, 720p, 1080i, 1080p
Analog RGBHV Input Range	
640x350	70, 85Hz
720x350	70, 85Hz
640x400	56, 70, 85Hz
720x400	70, 85Hz
640x480	60, 66, 72, 75, 85Hz
800x600	56, 60, 70, 72, 75, 85Hz
1024x768	60, 70, 72, 75, 85Hz
Composite & S-Video Input Range	
Vert. Frequency	NTSC 60Hz, PAL 50Hz
Horiz. Frequency	NTSC 15.75KHz, PAL 15.625KHz
Tally Control	
Tally Input	1x via DB9 Connector
General	
Display Element	Active Matrix TFT
Video Adjustments	Brightness, Contrast, Sharpness, Color Level (RGB)

TV Standards	NTSC/ PAL Auto-detect
Aspect Ratio Modes	16:9, 4:3
SD-SDI	270Mbps (525/625 Line)
HD-SDI	1.485, 1.4835Gpbs
Front Panel Control Buttons	
Menu Navigation	Menu, Left, Right
Input Select	SDI, YPbPr, CV, SV, PC (RGBHV)
Power	On/Off
Limited Warranty	
Unit, except LCD	3 Years Parts and Labor
LCD Panel	Panel Manufacturer's Terms
Mechanical – With Rackmount	
Size (H-W-D)	132.0x483.5x150mm(5.2"x19"x5.9")
Weight (Net)	5.5 kg (12.1 lbs)
Rackmount	3RU - Tilt Up/Down
Environmental	
Operating Temperature	-10° to +50° C (+14° to +122° F)
Operating Humidity	10% to 90%, Non-condensing
Storage Temperature	-10° to +60° C (-14° to +140° F)
Storage Humidity	10% to 90%, Non-condensing
Power Requirement	
External Power Supply	12VDC @4A
Regulatory Approvals	
Monitors	FCC, CE, RoHS
Power Supplies	UL, CUL, CE, PSE, GS, RoHS
Accessories Included	
1x Power Adapter	US, UK or Euro
1x Operations Manual	
4x Rackmount Screws	
1x Set Rack Ears	Tiltable Configuration

3.0 CHECKING PACKAGE CONTENTS

Before attempting to use this unit, please check the packaging and make certain the following items are contained in the shipping carton:

- 1x LM-503HD Triple 5" Color LCD Monitor
- 1x Operations Manual
- 4x Rackmount Screws
- 1x Set of Rack Mount Ears
- 1x AC Power Adapter

Note: Please retain the original packing material should the need ever arise to return the unit. If you find any items are missing, contact your reseller or TV One immediately. Have the Model Number, Serial Number and Invoice available for reference when you call.

4.0 CONNECTING THE HARDWARE

Refer to the illustrations below. The first drawing is the front view of the LM-503HD. This drawing will allow familiarization with the overall layout the unit.

The next drawing shows the Input and Output connectors plus the DC Power Input.

Connect the cables from the desired source to the appropriate input of each monitor then connect the furnished AC adapter and gently twist it 90 degrees to lock in position. Lastly, if tally operation is desired, wire a mating DB-9 plug for the tally connector and connect it to the monitor. To turn on the tally for display 1, connect pin 1 to pin 6 on the connector, to turn on the tally for display 2, connect pin 2 to pin 7 on the connector and to turn on tally for display 3, connect pin 3 to pin 8 on the connector.

5.0 OPERATION OF THE LM-503HD

After mounting the LM-503HD in a rack and connecting the appropriate cables and the AC adapter, press the power button on each monitor and select the appropriate inputs. Adjust the vertical viewing angle if desired and then use the On Screen Display (OSD) and Menu structure to make any changes you desire to the functionality of the individual monitors.

Input selection is made by pressing the appropriate button on the front panel of each monitor. The possible selections are SDI, YPbPr, V1 (Composite Video) V2 (S-Video) or PC.

Once the input selection has been made, you may choose the image's aspect ratio.

5.1 Using the On Screen Display Menus

Beyond simple use of the monitors, users should acquaint themselves with the On Screen Display (OSD) and Menu structure. Within this functionality the user can fine tune the operation of the unit and often make improvements to the appearance of the displayed image. Using the OSD Menu is not difficult and allows you to adjust the picture quality of the monitors. Each monitor has its own OSD Menu.

5.1.1 Menu Navigation:

To utilize the menu and the (OSD), press the Menu button. This makes the Menu list appear and you will then use the two arrow buttons to navigate the list and make adjustments. Move within the Menu using the arrow buttons and select the item you wish to change or adjust by pressing the Menu button. Once selected, use the arrow buttons again to make the function change or adjustment and press the Menu button again to confirm your selection or adjustment. The Reset function saves your changes and exits the OSD Menu. The Menu List and Functions are as follows:

Display Mode	4:3 and 16:9 video mode for user selection
Brightness	Adjust the brightness of screen. (Adjustment range 0~15)
Contrast	Adjust the contrast of screen. (Adjustment range 0~127.)
Color Mode	Adjust independent R.G.B. Color level
Saturation	Adjust the Saturation of screen. (Adjustment range 0~255)
Blue Only	Select only Blue channel for display of image
H/V delay	Used for displaying Sync and Blanking timing
Reset:	Saves your personal setting and exit to menu mode
Display Mode	4:3 and 16:9 video mode for user selection

6.0 TROUBLESHOOTING

If any of the LM-503HD's 5" LCD Monitors do not appear to be functioning properly, be certain that the source and any other device connected to the unit is functioning correctly by connecting each device currently connected to the LM-503HD to another monitor. (In other words, bypass the individual LM-503HD to insure that the problem is not with the source device.) If the signal is present under those conditions, make certain that power is present to the LM-503HD. If it is, check all cables for damage. Cables should be undamaged, as short as possible and should be premium quality.

Note: It is strongly recommended that you use premium cables in order to achieve maximum distance cable runs and the best performance possible.

After trying the above suggestions should the problem still persist, contact your dealer for additional suggestions before contacting TV One. Should the dealer's technical staff be unable to assist you, contact TV One via our support website:

<http://tvone.crmdesk.com>. Create a technical support request on the site and our support team will respond within a short period of time.

7.0 LIMITED WARRANTY

TV One warrants the original purchaser that the equipment it manufactures or sells will be free from defects in materials and workmanship for a fixed term from the date of purchase. The warranty term for specific product lines is defined below.

1. TV One branded products based on TV One's CORIO technology are warranted for a period of five years from the date of purchase. This includes products with the model number prefix of C2, 1T-C2, CX, A2 or S2.
2. TV One-task branded products, other than those based on TV One's CORIO technology mentioned above, are warranted for a period of three years from the date of purchase. This includes products with the model number prefix of 1T, with the exception of 1T-C2.
3. LCD Monitors are warranted for a period of three years from the date of purchase, with the exception of the LCD panels integrated into the monitors that are supplied by third parties. LCD panels are limited to the term and conditions of the warranty offered by the respective LCD panel manufacturer. Such specific LCD panel warranties are available upon request to TV One.

Should a product, in TV One's opinion, prove defective within this warranty period, TV One, at its option, will repair or replace this product without charge. Any defective parts replaced become the property of TV One. This warranty does not apply to those products which have been damaged due to accident, unauthorized alterations, improper repair, modifications, inadequate maintenance and care, or use in any manner for which the product was not originally intended.

If repairs are necessary under this warranty policy, the original purchaser must obtain a Return Authorization Number from TV One and return the product to a location designated by TV One, freight prepaid. After repairs are complete, the product will be returned, freight prepaid.

LIMITATIONS - All products sold are "as is" and the above Limited Warranty is in lieu of all other warranties for this product, expressed or implied, and is strictly limited to two years from the date of purchase. TV One assumes no liability to distributors, resellers or end-users or any third parties for any loss of use, revenue or profit.

TV One makes no other representation of warranty as to fitness for the purpose or merchantability or otherwise in respect of any of the products sold. The liability of TV One with respect to any defective products will be limited to the repair or replacement of such products. In no event shall TV One be responsible or liable for any damage arising from the use of such defective products whether such damages be direct, indirect, consequential or otherwise, and whether such damages are incurred by the reseller, end-user or any third party.

8.0 REGULATORY COMPLIANCE

The LM-503HD Triple 5" Monitor has been tested for compliance with appropriate FCC and CE rules and regulations. The Power Adaptor/Supply has been tested for compliance with appropriate UL, CUL, CE, PSE, GS Rules, Regulations and/or Guidelines. This Product and Power Adapter is RoHS Compliant.
